

Patrocinio Lopez came to visit and support our food delivery for a village other than his own. He was given direct cash gift from Roger P., Spencer M. and Doris K.

As always, I really enjoyed the visit and participation of Patrocinio and was happy to see that he and his friends were able to setup housing for the young women of Coychique in Creel who want to continue their education. We look forward to supporting his efforts in March.

Merry Christmas
&
Happy New Year
